Subject: 103-01 Gullotta Complete File

Here is a file containing the complete version of Frank Gullotta's manuscript THE ELECTROPHYSIOLOGICAL AND SUBJECTIVE EFFECTS OF SMOKING CIGARETTES WITH EQUAL TAR BUT DIFFERENT NICOTINE LEVELS by FP GULLOTTA; M. KUHN K. VON HOLT; (G. HEINTZE) PLANNED FOR *PHARMACOLOGY, BIOCHEMISTRY AND BEHAVIOR*.

I will advise Frank that the attribution should include a footnote with his current address since he is now retired.

Michelle has agreed to serve as coordinator. Frank has requested that Cindy Hayes, Bruce Davies, Kohji Takada and Gerd Kobal serve as technical reviewers.

Please send any comments to me by Jane 10 if possible.

Kathy
